Wendell Phillips' Curious Career.

Wendell Phillips was a natural ansto-rat. His father was the first mayor of Boston and the famous schools at Audover

Boston and the famous schools at Andover and Exeter recognize his family as their founder. He was reared in affluence and at school was an athlete as well as a student. He loved to box, and to run and to row. He wis the bitterest opponent of the first temperance association formed in Harvard college. In his early life he loved all the good things of the world. He loved the beautiful, and admired women above almost any young man of his cluss but his whole life changed as he grew elder. He married a girl on her sick bed who never got well, and he devot d his whole life to her care. He became an advocate of tempera ce and when he size William Lloyd Garrison dragged through the streets in the anti-

The Boss Clothier.

Our Fall and Winter stock of Men's, Youths', Boys' and Children's Clothing is now complete, and if variety, in correct styles of designs and patterns, in connection with the very best workmanship, thereby produring the best fitting Clothing, count for anything, we think we are better prepared to serve the public this Fall than ever before, or any one else in our line.

In keeping with these facts we have not overlooked THE most essential point, the MIGHTY DOLLAR. Twenty-three years of experience in our business, with undivided attention, without which no business can be made a success, has enabled us to pay CASH for every dollar's worth of goods we buy. This means a decided advantage to our customers, as goods cannot be sold ploment them to make a low strate of his cheerful. The Nineteenth Century has collected quite a motley group from other sources. Burns poems get flavor from association with the Scotch working classes. The different departments of labor have all developed songs peculiar to the class of work. The Great Shows.

The live stock breeders of America as well as Europe are manifesting unusual interest in the preparations made at Chi-cago for the American Fat Stock Show of 1888, which will be held in the Exposition Building in connection with the American Live Stock Show beginning Nov. 13

These exhibitions attract more of the prominent live stock breeders of the country than all of the state fairs combined, and with few exceptions the National Live Stock Breeders Associa-ions of the United States hold their antions of the United States had their mula meetings in Chicago during the continuance of these shows.

The shows of 1888 in the extent and high character of the displays will far surpass any former exhibitions.

IT BEATS THE WORLD. The \$500 Hose Wagon Built for the City by the Wayne Bros.

Passing the Wayne Bros.' Keystone Carriage Works one afternoon this week, the attention of the REPUBLICAN reporter was attracted by the beauty and splendor of the new hose wagon built to order for the Decatur fire department, just finished by the firm. It is pretty generally known that the Wayne Bros. ac knowledge no equals in building carriages and vehicles to order, because their superior workmanship is observed not only in Decatur but also in many cities. But they are now making a specialty of building apparatus for the fire service and heavy decorated spring wagons for wholesale and retail firms. They have just taken an order for a handsome dellvery wagon for Geo. W. Ehrhart &

Co., the commission merchants.

The Wayne Bros., with pardonable pride, point to the new hose wagon as a fair sample of their workmanship, and Cobb, of Assumption, he paying \$400. they invite all people interested, especially the business men, to inspect it closely. It is a regulation service wagon, 10 feet long and 3% feet wide, the prominent colors being a combination of carmine and plain hickory for the running gear; deep wine color on the body of the bed, the lettering, "Fire Department," on each side, being in gold with deep shading of old gold. The wagon has all the side improvements for blankets, day to see the great trot. axes, nezzles and Babcock fire extingnishers, and by competent judges has been repeatedly pronounced the handsomest and best service hose wagon in the United States. It was constructed nder the personal direction of Mr. W. J. Wayne, ex-fire chief, whose art is esperially displayed in the beautiful decoration of the vehicle. The colors blend in perfect harmony. On each side of the high seat Mr. Wayne put on extra touches. At the right is a picture of a hose wagon and horses going at full speed to a fire with a dandy driver in the eat, supposed to be one of the new men to be engaged by the city. At the left is the beautiful face of a lady, the "Beile of Decatur," emerging from a spreading bouquet of flowers. She has blonde hair, pearly teeth, and wears a diamond neck-The pictures are studies, and win for the artist many compliments.

It is gratifying to know that the Wayne Brothers are capable of doing better work than their competitors in St. Louis and Chicago. This fact has been tested. It should be stated that the Wayne Bros, not only do better work, but also at a lower price, than can be furnished by the Chicago and St. Louis manufacturers.

The Wayne Bros. should be encouraged in their line of work. If you want a solidly built and handsome rig, see this firm. Keep the money at home and give employment to an increased number of

Republican Meetings.

The Republican meeting at Warreneburg yesterday afternoon was held at Opera House, and was well attended. Capt. Rowell made one of his solid Ropublican arguments, and was followed in sport talks by Hop. Jason Rogers and flon, W. H. Kretzinger, the latter explaining that it had been arranged by the Republican committee that Illini Austin and Niantic townships, and the 1st and 9th districts of Decatur, were to vote solid for Kretzinger for representative, while the remainder of the county would vote for D. P. Keller.

From Warrensburg the speakers were lriven across the country to Niantic, where a meeting was held in the town hall. The hall was well filled, and it was noticed that a good many Democrats were present. Here, as at Warrensburg. FRED COLBERG, a German aged 57 Capt. Rowell was the principal speaker, years, and his neck dislocated at a coal and his speech was well received. Come to the bridal chamber, Death' Come to the mother, when she feels For the first time, her first-born's breath, And thou are terrible'

The notimely death which annually earries off thousands of human beings in the prime of youth, is indeed terrible. The first approach of consumption is insidious, and the sufferer himself is the most unconscious of its approach. One of the most alarming symptoms of this dread disease is, in fact, the ineradicable hope, which lurks in the heart of the victim, preventing him from taking timely steps to arrest the malady. That it can be arrested in its earlier stages is beyond question, as there are hundreds of wellauthenticated cases where Dr. Pierce's Golden Medical Discovery has effected a be given to all branches of dentistry. complete cure,

The Combination Stock Sale at Harristown.

Yesterday the combination stock sale of Dr. J. L. Connelly and J. B. Camp, of Harristown, and R. R. Montgomery of this city, was held at the old J. H. Pickrell farm. The attendance was good quite a number of bidders being present from other portions of the state. Col. J W. Marriage of Prof. S. M. Lutz and Miss Florence H. Stookey.

The marriage of Prof. S. M. Lutz, the well-known music dealer of this city, and Miss Florence Stookey, daughter of Daniel Stookey, was olemnized yesterday evening at the residence of the bride's father near Harristown. A. Smith, of the First M. E. church, of Danville, performed the ceremony, assisted by Rev. andle, of Paris, and Rev. Van Pelt, of Harristown. The bridal party, unattended, entered the parlor while the wedding march was perormed by Miss Martha Averitt, and stood under m arch of beautiful automn leaves, where they were met by the elergymen and the solemn words making them husband and wife were spoken. The bride was attired in an elegant costume of cream India silk and Moire sash, with bridal veil to correspond. Her ornamen vere pearls and dramonds. At the conclusion of the ceremony the guests pressed forward and tendered their sincere congratulations, and a happy, social time then followed. The wedding supper was superb and was served under the lirection of Mrs. Cuyton. There was an elegant aisulay of cut flowers.

Wrought Steel, NO GAS. Malleable Iron, No Dust. Very Little Fuel, No Leaky Joints.

No one can say that the time was not ripe tor a new furnace. The days of brittle, porous, cast iron furnaces are numbered. In every branch of manufacture cast iron is being driven out by wrought iron and steel. Every bridge that goes down in a wreck of lives and property is found to have cast iron members. Every bursting cannon which slays its friends rather than its enemies is made of cast iron. Every leaky furnace which poisons a household with its noisome gases is found to be made of the same cheap, unreliable material. Improved methods of manufacture have made steel and iron plate, of first quality, less expensive than cast iron formerly was, and it is plainly in accord with progress in other directions that there should be progress both in design and the material of furnaces for warming our homes, churches and schools.

Replying to yours of the 15th inst, my opinion of the Lycoming goods hought of you last season is that the quality is superior to either Boston, Candee or Wares-Goodyear.

Those makes were all sold by me last year, and I found that the Lycoming rubbers exceeded them all for durability. The chief advantage of the Lycoming seemed to be that they were made from a pure quality of rubber, and were of extra weight.
